2. Chapter 2

I stared at my daughter as she asked such a similar question to the one I had asked so long ago.

"Can you tell me the story of how you met toothless? The storm woke me up and sharp claw was scared." My little girl stood clutching a terror, which was shaking slightly, to her chest.

"Come here then." I said moving over so that she could clamber on. Katrina curled into my side with her head on my chest and Sharpclaw curled up on my stomach.

"It all started with a boy who wanted to prove himselfâ€¦"

3. Chapter 3

Young boy had lost his leg at age 2 in a dragon attack, his house had collapsed on him. at age 10 his mother left on a quest, and by age 13, he was considered useless.

this boy's name was hiccup. hiccup was a scrawny boy he could look to next he couldn't throw bola and he most certainly could swing a sword or hammer.

But that was just what other song Bolic up was an amazing Belott Smith what do you like to muscle made up for in ingenuity he had create a launcher for the bola that he used to knock down the night fury but no one believed him he searched and searched for the be spotty what he found it killed his data but we looked into the dragon's eyes he found he couldn't kill at the fury looked just as scared as he did so he released later he found his way into a beautiful cove where the Dragon showed himself it was the start of a beautiful friendship pick up POV I stared at the night fury before me it was amazing I hold up the fish I brought in the German girl I tossed my love into the light but the Dragon still would not let me near at his eyes were trying on my prosthetic leg I side down laying laying the fish across my lap and removed the fake whim tossing it away and out of reach the Dragon looked at me curiously I held the fish back out tutoring so they can closer and I saw it had no teeth toothless I could've sworn you had before it's teeth popped out of his gums the and he jerked the fish out of my hand. Then he looked at me seriously and started sniffing me.

"I'm sorry I don't have anymore"

I said I heard the rumbling in the dragons stomach and I was about to skitter backwards when he spat half the fish into my lap I looked at the dragon in confusion he looked from the fish to my mouth almost like he wanted me to...

"you've got to be kidding me"
